## MESSAGE FROM D.A.R.E.

Dear D.A.R.E. Community Partner:

D.A.R.E. America, a non-profit 501 (c) (3), is proud to announce our D.A.R.E. Xtreme campaign. Working with our newest D.A.R.E. America partner, [thextremeshow.com](http://thextremeshow.com), D.A.R.E. will be presenting motorcycle extravaganzas in an effort to expand its outreach to Generation X. Led by Frank Geremia, a Daytona Beach D.A.R.E. police officer, D.A.R.E. Xtreme is an electric and exciting group of professional motorcycle riders who put on stunt shows in a safe and controlled environment.

The focus of the D.A.R.E. Xtreme campaign will be a fusion of a strong anti-drug and anti-violence message delivered by professional motorcycle riders conducting stunts and tricks in a controlled, safe, and protected environment. The riders who already have the ability to interact and relate to the youth of today will bring top free style entertainment with one goal, to leave a long lasting positive impression in children's minds that will help them not only remain drug free, but also healthy and safe. As the largest and most effective, research and science based, community drug prevention program in the world D.A.R.E. is eager to bring D.A.R.E. Xtreme to your city.

These exciting 30-45 minute shows are a mixture of riding displays, anti-drug and anti-violence talks, music, and an overarching message to young people that anything is possible when they make positive choices to remain drug and violence free.

There will be ample opportunities for sponsors to have their message and logo highlighted on the motor cycles, clothing worn by riders, literature to be distributed, and static displays. During the next 12 months D.A.R.E. America is projecting a total of 30 shows. D.A.R.E. America will add a 15% administrative fee for each show.

D.A.R.E. is taught in 75% of school districts and impacts over 26 million children annually. Since 1983 D.A.R.E. has trained over 50,000 officers to teach children resistance skills and decision making. We must also remember D.A.R.E. officers are the first line of defense in our schools. Additionally, D.A.R.E. now has classes on gangs, bullying, and prescription drug abuse and internet safety.

Most important, D.A.R.E. Works! According to the Monitoring the Future Study, overall teen drug use is down 23% in the last five years. There are 18 studies since 1997 showing D.A.R.E. works, including a study by the National Medical Association showing D.A.R.E. graduates are five times less likely to begin smoking than non-D.A.R.E. graduates.

In advance, I want to thank you for your support of our efforts to save children from the harmful effects of alcohol, tobacco, and illegal drugs. Please visit our website at [www.dare.com](http://www.dare.com) which now receives 19 million hits per month and serves as a resource center of information for not just for police officers but for parents, children, and other community members.

Sincerely,

John Lindsay  
D.A.R.E. America
